

COVID-19 SELF ASSESSMENT

AS WE LOOK TO BRING THE WORKFORCE BACK, OUR SELF-ASSESSMENT CAN BE A CRITICAL RESOURCE IN HELPING EMPLOYERS PROTECT WORKERS AND THEIR FAMILIES AS WE CONFRONT THE COVID-19 PANDEMIC.

- 01 Answer a few questions about COVID-19 symptoms and interaction.
- 02 Users declare if they are symptom free or select which symptoms they are currently experiencing.
- 03 Additional questions determine if they have had possible exposure to COVID-19 individuals or areas.
- 04 Employers can efficiently and effectively assess and track the COVID-19 status of their workforce in real time.

COVID-19 Self-Assessment

**A Behavior
Based
Safety
Software
Tool
Designed to
Engage All
Employees
in Daily
Safety
Habits.**

SafeConnect is a web-based and mobile application designed to incorporate any industry organization's sustainable safety program by engaging all employees (office & field) to improve safety performance and drive towards zero incidents.

SafeConnect focuses on **Observation and Intervention** to highlight good practices and the risks that lead to a hazard free workplace where safety practices become a habit. SPI has taken the importance of safety and applied that to a business solution software tool that fits into any organization's safety culture.

"It is paramount for ALL employees to be Safety Champions at their organization in an effort to keep themselves and everyone around them safe and sound before going home."

- Reena Batra, CEO

OUR APP FEATURES INCLUDE:

SafeConnect features allow the user to make an impact to achieve safety culture excellence by engaging them with our **easy-to-use**, flexible safety management modules that will set up your organization for success.
